

Fall Family Webinar Series!

STAR NET Region II, funded by a generous grant from the TJ Maxx Foundation, presents a Fall series of webinars specially designed for parents and family members of children with special needs

★ Looking at Behavior with New Eyes

September 29, 2022 - 7:00 PM - 8:30 PM [REGISTER HERE](#) or SCAN:

All behavior has meaning! Time will be spent discussing the possible meanings of specific behaviors that are confusing and challenging. Additionally, ways to help the children who demonstrate these behaviors will be provided. Presenter: Jennifer Rosinia

★ The School-Home Connection: Tips and Tricks to Support Your Child's Learning in School and at Home

October 3, 2022 6:00PM - 7:00PM [REGISTER HERE](#) or SCAN:

This webinar will support family members in understanding the role of authentic assessment in the early childhood classroom. We will discuss what your students will be learning at school, how teachers track and monitor progress, and most importantly what the teaching team and caregivers can do together to support each child's unique learning and development. Presenters: Barb Golik & Danielle Merkel

★ Anatomy of a Meltdown

October 18, 2022 7:00PM - 8:30PM [REGISTER HERE](#) or SCAN:

By understanding the anatomy of a meltdown everyone who cares for children of varying abilities with these types of challenges will be better equipped to offer help and support during these difficult times. Presenter: Jennifer Rosinia

★ Understanding Exposures and Extinction Learning in Selective Mutism

November 9, 2022 6:30PM - 8:00PM [REGISTER HERE](#) or SCAN:

When working with your child with selective mutism, it may help to understand the extinction learning process behind doing speaking exposures in order to understand how to maximize extinction learning and keep the new learning accessible for your child's continued growth and generalization of speaking across people, places, and activities. Presenter: Dr. Carmen Lynas

★ Transforming Aggressive Behaviors [Conscious Discipline]

December 5, 2022- 6:30 PM - 8:30 PM [REGISTER HERE](#) or SCAN:

There is a way to change children's behaviors, including for those with diverse needs and abilities. Children must be both "willing" to learn how to behave and must know the "skills" of how to successfully interact with others. In this workshop you will gain a toolbox of skills necessary to identify, meet, and manage those most challenging behaviors in any child. Presenter: Jill Molli
